## **Suggested *Standards of Christian Anthropology* to Address Diversity, Equity, and Inclusivity in Catholic Education**

Teachers working in Catholic education can use these [Standards for Christian Anthropology](#) along with The Cardinal Newman Society's [Catholic Curriculum Standards](#) to address issues of diversity, equity, and inclusivity from a Catholic worldview. These standards help students see themselves and each other through God's eyes and will allow them to come to know the importance of communion with each other and with God; that man was made for communion, and not division, and will find true happiness when he makes a complete gift of himself to others and to God.
